How to arrange Emergency Assistance

All potential claims must be reported to **our claims helpline service**. We're open all day, every day for 365 days a year.

Claims helpline service:
0330 0600 620

When should I make a claim?

This is not a maintenance policy and so does not provide cover for routine upgrades and maintenance to **your property**. **You** should use this policy when **you** require assistance in an **emergency** situation that involves **your property**.

An **emergency** is an unforeseen situation involving **your property** which has or is likely to cause insecurity, unreasonable discomfort, risk or difficulties.

Major **emergencies** which could result in serious damage or damage to life or limb should be immediately advised to the appropriate supply company and/or the public emergency services. Gas leaks must be immediately notified to the local gas company.

This policy covers **emergencies** only. If **you** need to make a claim for non-emergency damage to **your property** or its contents, **you** will need to contact **your** home insurance provider directly.

Arranging assistance

- Telephone the **claims helpline service** quoting **your** policy number, which **you** can find on **your** schedule. **You** will need to provide details of the problem.
- The **claims helpline service** will obtain a suitable **contractor** to attend **your property** provided that there are no circumstances preventing access to the **property** or otherwise making the provision of the **emergency work** impossible such as adverse weather conditions, industrial disputes, failure of the public transport system.
- The **claims helpline service** and the **contractor** will use reasonable discretion as to when and how the **emergency work** is undertaken. This

discretion will be used to make sure that the individual circumstances of the client are taken into consideration whilst ensuring that any **emergency work** is carried out as soon as possible and having due regard to any health and safety issues.

- The **contractor** will charge the cost of all work covered by the insurance directly to the **insurer**, but **you** will be asked to pay the cost of:
 - a. call-out charges if there is not a person who has authority to agree to any work that may need to be carried out at the **property** when the **contractor** arrives.
 - b. all charges in excess of the **claim limits** or any work not covered by this insurance – **you** will be informed of this before any work is undertaken.
 - c. any additional costs incurred at **your** request in fitting replacement parts or components of a superior specification to the original.
- There may be times when replacement parts are unavailable, delayed or are no longer available because of circumstances beyond **our** control. In the event of this occurring **we** will ensure that **your property** is safe and if required the **contractor** will provide **you** with a quotation for a suitable repair.

Please note that if you engage the services of a contractor prior to contacting the claims helpline service, any costs that you incur are not covered by this insurance.

Where it is not possible to validate your claim at the time of initial notification, you may be required to leave either credit or debit card details which may be debited in the event that the cost of the call-out and any subsequent repairs are not covered by this insurance.
